

School Directory

We use Directory On Tap, DOT, as our online school directory. The directory contains names, addresses and phone numbers for BFA families. It is a very helpful resource for parents.

Beginning in late August, we will start going through an opt out period. In mid- to late September, expect to receive an email from [directoryontap\[@\]gmail.com](mailto:directoryontap@gmail.com) with instructions about how to access the directory from Directory on Tap, a free app for the iPhone, iPad and Android.

Please contact Directory on Tap with any Customer Support questions, including password resets, via [email](#).
