

SCRIP Gift Card Program - Say THANKS!

End-of-year teacher and staff gifting with SCRIP

The BFA community will be using the SCRIP gift-giving program again this year to gift our incredible teachers and staff. SCRIP streamlines the gifting process by allowing each participating family to consolidate all their gifts into just one order form and payment.

When: Holiday collections will take place December 2-6. Gift amounts in total will be communicated to staff following the week of collections. And, gift cards will be distributed to staff during the week before Winter break.

Where: **Online via the and pay by credit card.**

How: On MySchoolBucks, staff are listed under “BFA - PTO SCRIP Gifting” and grouped by grade or category. Select the appropriate grade or category to open the group window. Use the dropdown menu to select the staff member you’re gifting and enter your gift amount in the “Amount to Pay” box. If you would like to share your student’s name (only, not amount) with the recipient, please check the box. Repeat as many times as needed until all of your staff gift orders have been placed. And, don’t forget to check out when you’re all done.

Why: BFA receives fundraising dollars from SCRIP in the form of a rebate, ranging from 2-21% per gift card. This rebate is a result of buying the gift cards in bulk and does not affect the staff gifts. Monies received back from SCRIP are spent on PTO-funded programs at school, such as the all staff end of year luncheon.

The SCRIP gift-giving program replaces any other class gift/collection. Room parents will not be collecting money for class gifts nor will they be collecting SCRIP order forms. Participation is voluntary and you are still welcome to gift staff members outside of the SCRIP program.

The PTO hopes you'll remember all those staff members who go the extra mile and help make our school such a wonderful community. Every \$1 donation adds up. If you have questions, please email the [SCRIP Coordinator](#).
