Is your child given additional modifications when necessary?

***There was an oversight in the way this question was programmed for the different grade levels. For K-5 it was an open-ended (comment only) question, but for 6-8 it was Yes or No also with a comment box. This question should be reworded for future surveys. Some parents answered No and commented that no modifications were necessary, and some answer Yes and commented that no modifications were necessary. Perhaps providing an "N/A" or "My child does not require additional modifications" answer option would remedy this.**
