

HOMEWORK POLICY

SECTION 1. BEN FRANKLIN ACADEMY

MISSION

The mission of Ben Franklin Academy is to develop young adults with character like America's founding Renaissance man, Benjamin Franklin: well-read, scientifically curious, and civically engaged.

VISION

Our students will excel academically through a challenging, sequenced curriculum that emphasizes math, science, the arts, and literacy. We will be a data-driven institution, focusing on individual students. Our students, teachers, parents, staff, and leaders will be held accountable for the success of our school. Finally, we recognize that an education is incomplete without fostering social emotional development, character, sports, and nature.

PURPOSE

Ben Franklin Academy (BFA) implements an academically rigorous curriculum in a balanced fashion. This policy seeks to define the balance between oft-competing goals.

SECTION 2. HOMEWORK

Homework is an integral and essential part of BFA's academic program. Assignments will vary in accordance with the needs of the class and will relate to classroom instruction. Homework assignments are intended to reinforce and extend learning initiated in the classroom and serve as a tool for teachers to assess student understanding of classroom instruction. Completion of routine homework can motivate students to develop good work habits, while increasing the opportunity for individual initiative and responsibility. Homework can also stimulate creativity, critical thinking, and awareness that learning can take place outside the classroom. Homework may be modified based on students' individual needs (e.g., IEP, 504 Plans).

Homework is a form of Formative Assessment and is designed to:

- Improve skill retention;
- Inform instruction;
- Assess continuously during teaching to influence learning; and
- Provide timely feedback on a particular skill/concept.

- Do not assign group projects as homework, unless students can work on their individual parts independently.

- Require teachers to communicate this policy and any additional teacher-specific approved procedures/practices to students and parents.
- Make certain the teachers are implementing this policy consistently and uniformly.
- Assist teachers, when necessary, in implementing this policy.
- Observe use of homework during classroom visits.
- Review homework samples and assignments periodically.
- Give suggestions to teachers, when necessary, on how assignments could be improved.

SECTION 3: TIME

It is difficult to quantify the amount of time it will take each student to complete a homework assignment as the actual time required to complete assignments will vary with each student’s study habits, academic skills, and selected course load. Therefore, BFA does not set universal time allotments that apply to every student. Homework expectations can best be described by what activities students can expect on a nightly basis. If your child is having difficulty completing assignments on a consistent basis, please contact your child’s teacher for assistance. The

amount of work brought home may be impacted by any opportunities to complete assignments in school. Teachers will be aware of grade specific or school-wide evening commitments for students to adjust homework accordingly. Studying for quizzes/tests and work on longterm projects will occur, and families need to account for these activities.

- Homework will not be assigned over the weekend or during school breaks (studying for tests or work on projects may occur over the weekend/breaks).
- Students should read for pleasure on weekends and vacations.
- The nightly reading can be an adult reading to the child.
- If your child is consistently spending an inordinate amount of time completing homework, please contact the teacher to discuss.

SECTION 4. TESTS/PROJECTS

Tests and projects, if any, will be identified at the beginning of each unit. At that time, teachers will provide a best estimate of when test dates will occur and when projects will be due. The dates will be confirmed as the class nears completion of the unit.

SECTION 5. LATE WORK

BFA expects students will complete all homework and projects in a timely manner. Refer to the Grading Policy for information on how late work will be graded.

SECTION 6. ABSENCES

Students are expected to complete their assigned homework whether they attend class or not. Students shall turn in homework within two (2) school days after they return to school from an absence. For example, if a student is out of school on Monday and Tuesday, all homework for Monday and Tuesday will be due no later than the following Monday. Refer to the Student Attendance Policy for additional information regarding absences and missed/make-up class work and homework.

SECTION 7. MAJOR PROJECTS

Work on major projects is not specifically included in the BFA Nightly Homework Expectations set forth above.
